PROTESTED by Muncy Creek Mining Company, October 21st, 1918.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the source, and with the understanding that only surplus water not needed by prior rights can be utilized in the flood season. However, by special permission, first obtained from the State Engineer each year, water may be used under this permit when it fails to reach all prior rights situated lower on the stream. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times, and it is distinctly understood that the applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Two cubic feet per second.

Actual construction work shall begin on or before October 19, 1919.

Proof of commencement of work shall be filed before November 19, 1919.

Work must be prosecuted with reasonable diligence and be completed on or before November 19, 1919.

Proof of completion of work shall be filed before December 19, 1919.

Application of water to beneficial use shall be made on or before October 19, 1924. Proof of the application of water to beneficial use must be filed with State Engineer on or before November 19, 1924.
